

Dear CES Families,

In response to recent school safety and security events, Howard County police officers are being asked to conduct at least one foot patrol a day at a school, all K thru 12 private and public schools, while on their beat. Not every school will receive a visit everyday, but schools will be visited regularly. Officers are to check in and meet with the school principal/assistant principal upon arrival. The officer will then walk the interior of the school for familiarization of the school and staff. HCPSS is encouraging officers to try to coordinate their checks at pick up and dismissal times if possible and invite officers to have lunch in the cafeteria. Thank you for your support in keeping our schools and students safe!

Best,

Robin L. Malcotti
Principal
