

Good Afternoon-

We hope this announcement finds you and your families well.

Please see the updates below regarding the updated process for registration for Pre-K and kindergarten for the 2020-2021 school year. You will also find updated information regarding early admission to kindergarten and first grade.

Kindergarten Registration

Parents/guardians of new incoming students and those entering kindergarten in the 2020-2021 school year (who are not already enrolled) are able to begin the enrollment process online, followed by completion of the registration process when schools reopen. Once school buildings reopen, parents should be contacted to complete the registration at the child's school. Parents or legal guardians must visit their child's school and provide proof of parental relationship and any other documents not provided during the online registration process.

Early Admission to Kindergarten

Due to state-mandated school closures, early admission appointments scheduled during this time are canceled and will be rescheduled at a later date. Additionally, assessment dates and notification regarding acceptance or denial of application have been postponed until schools reopen, and will be shared at a later date.

Early Admission to First Grade

Parents/guardians applying for early admission to first grade may submit all required documentation electronically to their prospective school. After schools reopen, parents or guardians will be contacted by their prospective school regarding an assessment appointment.

Pre-K Applications

Due to state-mandated school closures, Pre-K application and enrollment for the 2020-2021 school year has been postponed. Once schools reopen, applications may be completed and returned to schools.

Please see the link below with the announcement from HCPSS outlining these details for families:
